

## Scatter Plot Project Proposal 10pts

1. What is your subject?

---

2. Why did you choose this subject?

---

---

3. Where do you plan on getting your data? Will you be able to find at least 20 data points?

*\*\*Sources must be cited\*\**

---

---

4. Who is the partner you are working with?

---

*\*\*You are allowed to work alone if you want. Partners may have the same data but must have all of their own work and may **NOT use the same points** to make a line of fit\*\**

5. How do you plan on presenting the material? (Reading aloud is not an option)

---

6. Definition of Plagiarism:

---

---

---
